

ARRIVAL SIDE PARTURES
 To land a good job,
 And to go that extra mile;
 Where You begin really matters!

At Mediterranean Marine, creating professionals is a passion - something we achieve with our thorough professionalism and strong industry tie ups and something we have been successfully doing over the last ten years.

Mediterranean Marine is a specialist company in the field of merchant navy Training, Crewing and Technical Management with a vision to become a leader in ship management by continuously imbining skills, promoting quality and being innovative.

Certified in accordance with the Maritime Labour Convention(MLC) 2006, Regulation 1.4 as amended and the International Standards Organization(ISO) 9001:2015, we are continuously upscaling our efforts and regulatory requirements in the process.

Mediterranean Marine is sponsoring Officer Cadets, Officer Engineers and Ratings to worldwide companies and will continuously support you during your On Board Training to make that crucial difference in deliverance. Peace-of-mind, emergency support, course advice or a check on your well-being during your placement is what we focus on as you embark on a new, and perhaps daunting first stage of your life.

Crew selection procedure is elaborate. Documents, Certificate of Competency, reference checks with previous employers are conducted for each and every crew member. We ensure that each of the seafarers holds valid travel documents and certificates required for the rank. Authenticity of certificates is verified from issuing authorities. Each crew member is interviewed to assess his knowledge and understanding of the job responsibilities for the applied rank. requirements. All crew members are encouraged to update their training requirements so that their professional expertise is always up-to-date.

Mediterranean Marine is well equipped with professional qualified managers to facilitate turnaround of vessels, improve performance and reduce cost of operations. Our services portfolio includes Budgeting & Planning, Trade, Repair and Maintenance Estimates, Spare parts availability, Fuel and lubricant use monitoring, Dry dock maintenance & Implementing the ISM and ISPS system.

We believe in the development of intellectual leadership qualities, human values and corporate ethics and delivering the highest quality of technical excellence for the shipping industry.

ARRIVALS/DEPARTURES
Welcome in Advance.
An adventure in the Merchant Navy!

Merchant Navy deals with transportation of cargo and passengers by sea. It has different types of ships like Cargo Liners, Bulk Carriers, Containers, Oil Tankers, Passenger Ships, Fishing and other specialist vessels etc.

Merchant Navy is the backbone of international trade carrying cargo across the globe for export-import business. It is estimated that 95% of international trade happens by the sea route.

ARRIVALS/DEPARTURES
Ahoy Captain!
Career in the High Seas!

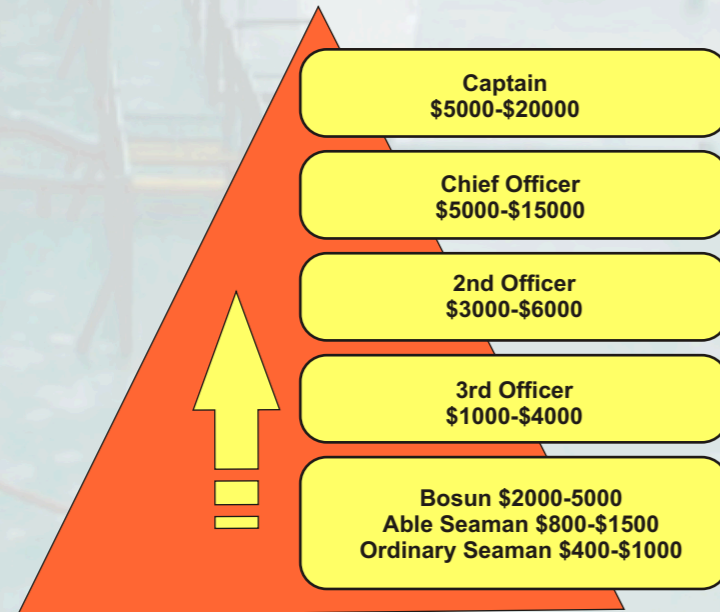

Life at sea is very adventurous and full of challenges with long travels across the world. You will work with multi-national crew and possibly learn new languages.

A career in the merchant navy is perhaps the most rewarding experience not only because of the high salary and tremendous growth it offers, but also because of the practical training delivered.

You can start at a very early stage and rise up the ladder. Growth is fast and comes very soon. You can qualify to become a Captain or a Chief Engineer of the ship within ten years earning huge salary and very high esteem.

The minimum entry requirements to join the Merchant Navy is a Xth Class pass, 18 to 25 years of age holding a passport and physically and medically fit to join duty.

So, are you still thinking of an option?

SMT

Stream Marine Training

Mediterranean Marine has an exclusive tie up with Stream Marine Training Ltd located in the picturesque city of Paisley, United Kingdom. Stream Marine Training is a world class provider of fire-fighting, sea survival, survival craft and HSE training to the global maritime, oil and gas, renewables and construction industries.

Stream Marine Training believes that innovation is fundamental to effective learning to remain competitive delivering theoretical learning through the most efficient blend of self-study, instructor-led training and e-Learning. The practical, competence-based training is delivered to the highest standards of safety using modern day technological tools including a SIMULATOR.

ARRIVALS/DEPARTURES
Value, Innovation & Quality.
Destination SMT, United Kingdom!

Mediterranean Marine and Stream Marine Training jointly offer industry endorsed, internationally recognized full time residential General Purpose Rating program for the maritime industry. The main focus of the program is to provide the trainee a truly international environment of learning. Stream Marine Training provides Maritime and Coastguard Agency(MCA) and Merchant Navy Training Board(MNTB) approved certificates under the STCW 2010, as amended. Not only will you be provided an amazing training, you will also gain an internationally recognized qualification with access to a highly paid career path.

The course is designed to meet the mandatory requirements for training at the operational level. It provides students with awareness and understanding of key aspects of Seamanship, Safety and On Board Operations. Maritime English and Communication Skills form an integral part of the syllabus. Our team comprises experienced ex-mariners, offshore managers and competence specialists who will train you on the fundamentals and equip you for the enormous job opportunities. The training and infra structural facilities stand up to the world class state of the art.

The course preparation will start in India and full training will be imparted at Stream Marine Training campus in the United Kingdom. The brief contents of the course are given below.

Only the right flight lands a Job.
Make sure You are on it!

ARRIVALS/DEPARTURES
On the Job Training.
90 days On Board training on a Ship!

At Mediterranean Marine we pride ourselves on supporting our trainees through the entire program and assisting them in gaining employment once qualified. Upon successful completion of training, you will be issued with your Certificates from Stream Maritime Training duly approved by MCA and MNTB. Immediately after the course completion you will be sent on a merchant navy vessel for your 90 days of on-board training.

On-Board Training is an organized method of training where the new seafarers learn through the job working at their own speed, gaining confidence every day. Seafarers will learn about Tank Soundings, Ship Maintenance, Life Saving and Fire Fighting, Appliance Handling, Deck Work, Berthing/Un-berthing, Pilotage Operations, Port and Cargo operations, Watchkeeping, Handling logs, Navigation etc.

ARRIVALS/DEPARTURES
Customer Service is the key!
Indulge in the United Kingdom!

Customer satisfaction and trainee welfare are key to everything. This can mean attention to the specific dietary requirements of the trainees or assistance for people who may struggle with written English, or simply making sure that any trainee who feels nervous or stressed in a physical training environment is provided with the one-to-one care that they need to be successful.

Stream Marine Training ensures you can focus on building your core values, while we take full ownership for ensuring the compliance of all your training needs, personnel requirements, medical insurance and assets.

ARRIVALS/DEPARTURES
Welcome once again.
Your assured Job is Home Delivered!

Mediterranean Marine is committed to 100% Placement and we have been continuously doing it over the last several years successfully. Our crew supply to international shipping companies is successful because of our very close cooperation with the employer companies worldwide.

Our trainees are working in all types of vessels all over the world. You will be placed successfully on board any vessel like a Tanker, Bulk Carrier, General Cargo, Ro-Ro, Offshore Tugs, Anchor Handling Tugs, Dredgers, Jack-up Rigs, Fishing, Survey or Research vessels...

Are you still waiting for an option? Start your journey Today! Join the Merchant Navy! And climb your way through the ranks with the ultimate aim of becoming a Captain of your own vessel one day.

Voila Captain!
